Jo:

Any chance you could ask Karen about the AR documents for the 2014 AR?

Thanks

Gary,

The attachments don't really show much about what was sent to the library. Is this sufficient? I will forward the Document Transmittal Acknowledgment once it is returned. The attached documents as well as the acknowledgment will all be placed into SEMS.

I have the acknowledgment from TCEQ already.

There's not much regarding the 2014 AR, just a copy of the original letter to the library (unsigned). One of the CDs I asked Sharon Martin to send is the 2014 AR so the library will have a replacement copy regardless. The new Document Transmittal Acknowledgment indicates they are receiving volumes 1 and 2 of 2.

If I can do anything else, be sure to let me know.

Thank you. We need to make sure we have the documentation that we sent those to the library. Both AR-1 and AR-2. Can you send that documentation to me as well.

Thanks

Gary,

We've sent new CDs to the Young Library. They claim to not have either the first or the second AR.

I have talked at length with the assistant manager of the Young Library as well as the assistant manager of the Houston Central Library. It appears they now understand that the CDs need to remain at the Young Library until further notice.
